

On Tuesday 9th June we took part in the Girls Brigade prayer wave. Information boards were put up giving details of all the areas GB covers and about different things we can pray for. The girls were all given a booklet and in groups went around the Church finding the boards, reading them and getting the information of them to fill in their booklets. At the bottom of each page was a short prayer relating to the information they had just filled in. There was space for them to write a prayer of their own and on the back page of the booklet was the Lords prayer, which we all read together at the beginning of the evening. The explorers spent the evening thinking about the Lords prayer. They had a booklet to complete. On each page there was a picture and a line from the Lords prayer.

We all joined together at 7.15 and had a special board to look at. We thought about all the times of celebrations we could thank God for, weddings, Christmas, easter, graduations, christenings and birthdays. We had stickers saying Happy Birthday to add to our booklets. We then uncovered some birthday cakes we had made which said "Happy 30th Birthday". At this point Kim eventually realised we were celebrating her birthday and made a valiant attempt to blow the candles of all three cakes out in one go. We all sang happy birthday before cutting into the cakes and having our drinks.
